(only required for students)

Schedule:
11:45 AM: Check-in starts
12:00 PM: Session 1
1:30 PM: Snacks Break
2:00 PM: Session 2

SageMaker Canvas is an instructor-led workshop that allows students to enable themselves into using no-code Machine Learning and Amazon SageMaker Canvas to solve real-world challenges based on publicly available datasets. It is expected for anyone to be able to use SageMaker Canvas in complete autonomy, and this workshop will help familiarize students with the overall concepts and its functionality.
