

"HOW DO I BRING A GUEST TO THE RES HALLS?"

- All guests must be signed in with a resident in the community's RA Office. Residents may host two residents at a time. Residents hosting a guest must accompany their guest the entire time the guest is present in the residence hall.
- Residents can host an overnight guest for 4 nights per month with an approved Overnight Guest Pass. Applications for overnight guests must be submitted to the RHD at least two business days before the guest's visit. All roommates must agree to the overnight guest's visitation. Only one overnight guest will be approved at a time.
- Residents are responsible for the behavior of their guests. No visitors (including from other residence halls) may enter the residence halls without following the Office of Residential Life's visitation procedures.
- Residents should read the full policy in the Guide to Campus Living for more information.
