

Alternate Pathways for Students Interested in Business

- *Don't be discouraged if you can't achieve the 3.0 GPA or complete the four semesters of Mathematics courses required for a degree in business!*
 - *Sometimes it's more productive to focus on an **alternate pathway** that can be completed in a manageable timeframe.*
 - *Several majors at Old Westbury can be paired with a minor in Business Administration, Marketing or Accounting.*
 - **Overlapping Classes:** *Classes a student may have already completed while working towards a business can also fill requirements in other majors*
-

Industrial Labor Relations

-
- *Prepares students for careers in human resource management, business, unions, advocacy and government agencies like the Department of Labor*
 - **Overlapping Courses:** *Applied Statistics, Micro & Macroeconomics, Organizational Behavior, Management & Society and Human Resource Management*
 - *To complete this major, students must be able to take evening classes*
-

Management Information Systems

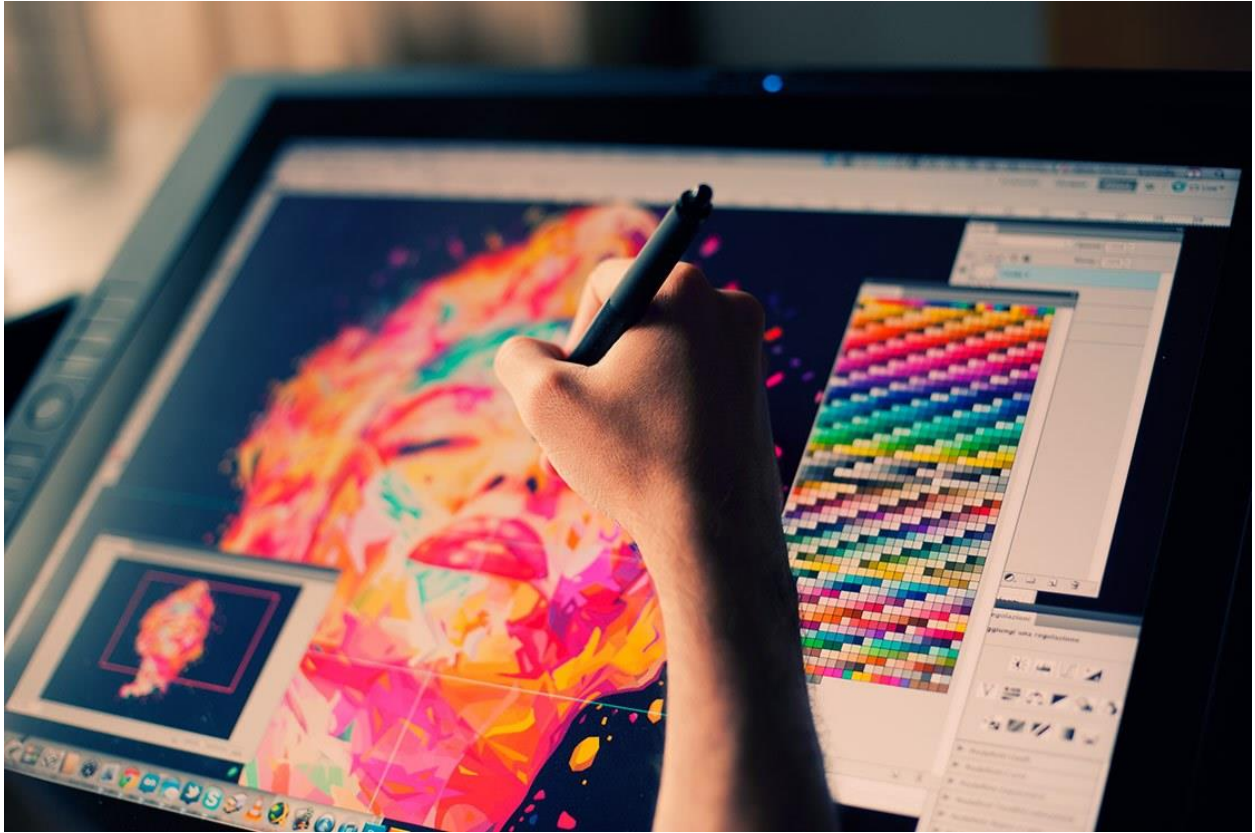

-
- A mix of **Business** and **Computer Science** coursework. Designed to give students a firm grounding in information processing and business fundamentals
 - **Overlapping Courses:** Micro and Macroeconomics, Precalculus for Business, Applied Statistics, Accounting I and II, Marketing and Organizational Behavior
 - Requires several semesters of **Computer Science** classes beginning with Computer Programming I and II. Because this major is an extensive set of requirements, it may not be a good choice for students who've already entered their junior year
-

Economics

-
- *Analyze contemporary economic issues and evaluate public policy*
 - *Prepares students for careers in business, government, banking, financial services and education*
 - **Overlapping Courses:** *Microeconomics, Macroeconomics, Precalculus, Calculus*
-

Visual Arts: Electronic Media

-
- *A BS in Visual Arts with an Electronic Media Concentration works well for students interested in publishing, graphic design, art direction or web design.*
 - *Sometimes students pair this major with a minor in Marketing or Digital Design Marketing*
 - *Before graduating, B.S. candidates will be able to participate in a group show and exhibit their work at the Amelie A. Wallace Gallery.*
-

General Studies

-
- *A self-designed major offering students a great deal of flexibility*
 - *A B.S. in General Studies can be easily paired with minor in Business Administration, Marketing or Accounting*
 - *This is an excellent option for students with 80 credits or more*
-
