

## AUTOMATIC EXTERNAL DEFIBRILLATOR UNIT LOCATIONS

SUNY College at Old Westbury is committed to saving lives by implementing and maintaining a public access defibrillator (PAD) program. This program strategically places Automated External Defibrillators (AED) throughout the campus in various locations.

Sudden Cardiac arrest is a leading cause of death in the US, claiming approximately 250,000 lives annually. The American Heart Association estimates that more than 50,000 lives could have been saved if life-saving AEDs were made more widely available at the time of the emergency. An AED is a small, portable, user-friendly device that analyzes the heart rhythm and, if necessary, delivers a shock to restore an effective heartbeat. If you would like more information about our AED program, please contact Environmental Health & Safety Officer Austin Hollister at [hollistera@oldwestbury.edu](mailto:hollistera@oldwestbury.edu).

**Contact University Police at 516 876-3333 for all On-Campus Medical Emergencies**

Building Location	Physical Location	Section/ Floor	Notes
AV Dorms Kennedy Hall	Lounge	3 <sup>rd</sup> floor	
AV Dorms Bolivar Hall	NYIT Office	1 <sup>st</sup> floor	
AV Dorms Bolivar Hall	Lounge	2 <sup>nd</sup> floor	
AV Dorms Anthony Hall	Lounge	3 <sup>rd</sup> floor
