9. CREDIT/NO CREDIT OPTION:

If you wish to take a course on a credit/no credit basis, you must complete the "Request for Credit/No Credit" form, which may be found at connect.oldwestbury.edu. At the Student home page select the Registration button to find the Forms box. The deadline for submission and approval is the end of third week of classes: Sep 13, 2020. If this procedure is not followed, a grade of credit or no credit will not be allowed at final grading. If this application is submitted by the date specified, the course must be graded as credit/no credit. A request for a letter grade (A-F) will not be accepted. A grade of CR/NC has no effect on the grade point average.

10. COLLEGE POLICY ON ACADEMIC STANDING:

On the recommendation of the college faculty, the following policy on academic standing is in effect. From the Spring 1992 semester onward, good academic standing will be determined by this policy.

* Academic Standing Policy

All students are expected to maintain good academic standing at the College. Academic standing is determined by the student's semester and cumulative grade point averages (the student's overall academic performance while attending the College at Old Westbury).

* Minimum Grade-Point Average (GPA) Requirements

Students must maintain minimum semester and cumulative grade point averages of at least 2.00 to remain in good academic standing. Students who fail to obtain a minimum semester grade point average of 2.00 in any particular semester will be placed on academic probation, which is a warning that their good academic standing is in jeopardy. Students who are on probation twice in succession and have attempted at least 32 credits are subject to suspension or dismissal (described below) at the point at which their **cumulative** GPA Springs below 2.00.

Probation: Minimum Semester GPA less than 2.00 or Minimum Cumulative GPA less than 2.00

Criteria for Academic Probation, Suspension, Dismissal

- * Academic Probation applies automatically to students who fail for the first time to meet minimum GPA requirements in a given semester. The student is placed on probation for the subsequent semester. The student must meet all semester and cumulative minimum GPA requirements in order to be taken off probation. A student on probation is ineligible to participate on College committees or intercollegiate athletics. Academic probation, including any accompanying constraints upon a student's activities, is intended as a support measure designed to encourage students to focus on their studies in order that they satisfy academic standards.
- * Academic Suspension applies only to students who have attempted a minimum of 32 credits. Students are automatically suspended from the College if already on probation and they fail to meet the minimum semester and cumulative GPA requirements. The suspended student may not re-register until one semester has elapsed. Financial Aid, however, is not guaranteed.
- * Academic Dismissal applies automatically to those students who were previously suspended, have returned, and again fail to meet the minimum semester and cumulative GPA requirements. These students may not apply for reentrance until two semesters have elapsed from the semester of their last registration at the College.

It should be noted that individual degree programs may require a higher GPA for courses in the major (see section on each academic department included in the catalog). Students are advised to consult with their advisers regarding specific department requirements.

11. DECLARATION OF MAJOR:

- Effective Spring 2003: Upon completion of 42 credits (including transfer credit), undeclared majors will be prohibited from registering until officially declaring a major. Please note: The School of Business, School of Education and Psychology Department require separate admission. Self-declaring in a major housed in the School of Business, School of Education or Psychology Department will not satisfy official declaration.
- Failure to officially declare a major before reaching junior status will result in the loss of state aid.
- Students may declare a major by either noting the major on the admission's application or submitting a Declaration/Change of Major form found at connect.oldwestbury.edu
- Approval is required to declare a major in the School of Business, School of Education or Psychology Department.
- Students not declared a major ("undecided") are not eligible to receive federal financial aid.

12. REPEATED COURSES:

- If a student repeats a course, which may not be repeated for credit more than once, only the latest grade will be used in calculating the grade point average (GPA). The excluded course credits will not be included in earned credits. However, all courses and corresponding grades will remain on the transcript.
- For purposes of state aid, courses not deemed necessary to repeat according to department policy (as stated in the college catalog) will not satisfy full time status requirements.

13. ONLINE "NE" COURSES:

- Courses with the SEC designation "NE" in the schedule of classes are offered via the internet. Students participate in these courses by accessing the course's Blackboard website at times of their own choosing periodically each week.
- Students must register normally for the course, a process that begins for students who have never attended Old Westbury in the Office of Enrollment Services. For enrollment, a non-matriculated student may contact enroll@oldwestbury.edu or call (516) 876 - 3073. To take a NET course, students need the use of an internet-capable computer, an internet connection, and an email address (student computing center computers and college email accounts may be used).
- For general information about NE classes contact Professor Bever at bevere@oldwestbury.edu. For specific information regarding a particular NE class, contact the professor who is teaching it. If you have trouble logging in to Blackboard, follow the directions at servicedesk@oldwestbury.edu. If you have trouble navigating or working in the course, contact the Open SUNY Helpdesk at 1-800-875-6269.

14. HYBRID "HY" COURSES:

- Courses with the SEC designation "HY" in the schedule of classes are "hybrid" courses that are taught half in the classroom and half via the internet. Students attend class on campus one class period each week, and then do additional coursework online as directed in the course syllabus, which will be distributed during the first class meeting. Students register normally for hybrid courses, and can use either their own internet-capable computer and internet connection or the computers in the Student Computing Center.
- For general information about HY classes contact Professor Bever at bevere@oldwestbury.edu. For specific information regarding a particular HY class, contact the professor who is teaching it. If you have trouble logging in to Blackboard, follow the directions at servicedesk@oldwestbury.edu. If you have trouble navigating or working in Blackboard, contact the Open SUNY Helpdesk at 1-800-875-6269.

15. BLENDED "BL" COURSES:

- Courses with the SEC designation "BL" in the schedule of classes are "blended" courses that are taught partly in the classroom and partly via the internet, with an irregular schedule. Students attend some classes on campus and do additional coursework online as directed in the course syllabus, which will be distributed during the first class meeting. Students register normally for blended courses, and can use either their own internet-capable computer and internet connection or the computers in the Student Computing Center.
- For general information about BL classes contact Professor Bever at bevere@oldwestbury.edu. For specific information regarding a particular BL class, contact the professor who is teaching it. If you have trouble logging in to Blackboard, follow the directions at support.oldwestbury.edu. If you have trouble navigating or working in Blackboard, contact the Open SUNY Helpdesk at 1-800-875-6269.

16. FERPA (FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974):

Access to Student Records

The College's policy follows the spirit and letter of all federal and state laws concerning access to student records.

Within certain statutory limitations, students, upon reasonable notice, may review their "education records" containing information directly related to themselves. Students will be afforded an opportunity to challenge the accuracy of factual information in their records.

In the event a student challenges a record, the student will be offered a hearing by a College official who has no personal involvement in the matter challenged and shall receive a decision in writing within a reasonable time (not more than 45 days) after the conclusion of the hearing. Should the student fail to appear at the hearing or request an adjourned hearing date prior to the date set for the hearing, a decision shall be issued on the facts available.

Students wishing to inspect their records shall direct their requests to the office concerned with those records.

Student information, other than directory information, will not be released to a third party without the express, authenticated consent of the student via a FERPA release form to the Office of the Registrar.

- The College will cooperate with all legal authorities in every way appropriate, in accordance with all federal and state laws. The office receiving a request for such cooperation shall immediately seek approval for the release of the requested information from the Records Access Officer.
- The University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff or a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials); a person serving on the Board of Trustees; SUNY System Administration employees or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

Although the following are part of the educational record, students do not have access to:

- Letters or statements of recommendation submitted in confidence for school records prior to January 1, 1975, provided these records are not used by the school for other than the original intended purpose.
- Financial records of the parents of the students or any information directly related to the parents' financial status.

Problems or issues concerning access to students' records should be directed to the Registrar, Campus Center, Room I-102.

The Family Educational Rights and Privacy Act is available for review on the WEB at

<http://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>.

¹ "Directory information" includes information relating to a student's name, address, e-mail address, date and place of birth, major field of study, dates of attendance, honors designation and earned degrees. The parent of a dependent student or an eligible student who wishes to restrict access to "directory information" with respect to that student must inform the Office of the Registrar in writing, within 15 days after the start of each semester.
