

Math Redesign Lab

Distance Tutoring Instructions

You will get a participation grade for these sessions, so please give it a try!

It's as simple as this:

- Get the **Microsoft Teams app** on your smartphone (or sign into your OW email on a laptop/tablet using connect.oldwestbury.edu and launch Microsoft Teams).
- Allow **notifications** & access to your **microphone** (video is optional).
- Search for **Math Redesign Lab**.
- To the left, pick a **TUTOR and then JOIN the session:**

- You can also use “**screen sharing**” to show your work, share problems on the “**whiteboard**” and “**chat**” with each other.
- Select “**files**” to find a large variety of review sheets to help you study.

We look forward to “meeting” you in Teams during our distance tutoring sessions.

Let's have some math fun – our tutors are waiting for you! 😊
