

Employment Outcomes of Alumni

This data is based on the responses from the 2016 Alumni Survey. Two respondents' employment responses were erased in the transfer from the survey program, hence there are 59 instead of 61 responses recorded here.

*All undergraduate adolescent education alumni are aggregated so as to not create any identifiability among graduates. The same applies to MAT alumni.

*There are no replies from MS alumni.

N=59

Table 1. Employment Outcomes for Alumni, Fall 2012-Spring 2015

Program (# of alumni)	% Employed as Teachers	% Employed as Substitute Teachers	% Employed in Education, But Not Teaching	% Employed as Teaching Assistants	% Not Employed in Education	% No Reply
Childhood (24)	58	8	4	0	12	17
Special Education (4)	50	50	0	0	0	0
Adolescent (Undergraduate) (18)	56	12	6	6	17	6
Adolescent (MAT/Certificate) (13)	69	0	0	0	8	23
